### Activities and Accomplishments

#### Report from Charlie Garrison

Located and repaired lockable storage unit for Financial Secretary. Had to repair lock and get new keys. Will be located in storage room downstairs.

In process of installing different door locks in Senior High room, to keep small children out to match our key system.

Firmly attached strike plate to door post for double doors in fellowship hall.

Found emergency exit door in south hall downstairs is periodically left ajar. Even after some work occasionally have to pull it shut. Looking for alternatives.

Working on new contract for elevator maintenance.

#### Report from Bob

New contract for elevator maintenance will be more expensive and will have to take it to the congregation and let them know the increase cost.

Our cleaning service reported they thought someone was staying in the church, so the following morning I contacted the Fairfield police and we searched the building but found no one and no evidence that anyone was staying there.

I replaced 3 outside light bulbs by the front entrance.

Replaced one lightbulb in one of the units on the roof and while I was there, I noticed 2 shingle tabs were blown off. I repaired them and did an inspection of the roof.

Last year when I inspected the roof, I noticed signs of the roof deterioration and notified Charlie Garrison of what I found and suggested we keep an eye on it to see if it got worse. This year when I inspected it I found noticeably more deterioration. Several cracks and tears and one hole in the shingles. The roof is over 20 years old and we are looking at replacing it this year.

#### Interior Design Committee:

They are working on finalizing paint color for the sanctuary. A sample will be painted in the sanctuary to see how it looks with the new lighting.

#### Goals for next month:

Finalize new elevator maintenance contract.

Have first Properties meeting .

Install security camera system.

#### Partnership

Pray for wisdom and for volunteers to help with the tasks to be done.
